

Nordic webinar series in Proteomics in Life Sciences

Join our webinar series in Proteomics in Life Sciences to increase the visibility of Nordic proteomics research and to provide a platform for discussion and new collaborations!

The seminars are intended for students, researchers, infrastructure personnel and representatives of the pharma and biotech industry active within the Nordic proteomics and mass spectrometry community.

Program Autumn 2025

How? We meet online

For link to the zoom webinars, contact: lotta.happonen@med.lu.se

When? Thursdays at 11-12 (Sweden, Norway, Denmark); 9-10 (Iceland) and 12-13 (Finland).
